Overview

Having graduated from Abertay University, Dundee with a 2:1 in Computer Arts, I am keen to pursue a career in creating 3D models, with the drive to make them valuable to any 3D engine. Using my teamwork skills developed from retail, I integrate quickly into any team and will always listen to criticism to aid in my personal development.

Portfolio

ianrgibb.wixsite.com/portfolio

Skills

3D Modelling - Hard surface
Texturing - ability to hand paint textures and utilise real time texturing software
